TS-28-2-G-2-PT

TS-28

TS-53-4-G-4-PT

(glass door models feature optional shelving)

### FEATURES/BENEFITS

- **Oversized and balanced, environmentally friendly (134A), refrigeration system,** factory sealed and pre-lubricated for long life - **holds 33°F to 38°F.**
- The utility of the "TS" series pass-thru is in its ability to be a server station for cold dishes. Designed to become a central station, rear-loaded from the kitchen prep area to be front-accessed by servers.
- **Shelving** - (3) chrome shelves per section at no charge (includes four knob style shelf supports per shelf (shipped separately). (4) alternative interior options available.
- Pilasters and tray slides - are to be field installed for TS series deep reach-in's. (pilasters and tray slides ship separate)
- Door locks standard.
- **Energy efficient, "Low-E", thermal glass on glass door models.**
- **Lifetime guaranteed recessed door handles** on solid rear doors.
- **300 series stainless steel interior and exterior front & sides,** with matching aluminum back (stainless steel rear doors on pass-thru models).
- **Solar, digital thermometer standard** for easy visibility.
- Positive seal self-closing doors with factory tested (over 1,000,000 times) **lifetime guaranteed door hinges and torsion type closure system.**
- Extruded, aluminum door frames on glass doors.
- **Fluorescent interior lighting; integrated door light (IDL)** standard on glass & combination door models.
- **Incandescent interior lighting** standard on solid door models.
- Foamed-in-place polyurethane **high density cell insulation** (CFC free).
- **4" diameter swivel castors** standard equipment. 6" legs available.
- Self-contained system.
- **Bottom Mounted Units Have...**
- A "no-stoop", lower shelf.
- Allows for top storage.
- Compressor performs in the coolest, most grease-free area of kitchen for ease of compressor load.
- Compressor can be serviced easily, and accessed by a single repairman.

Remote cabinets available 14% off list (condensing units supplied by others; system comes standard with 404A expansion valve and requires R404A refrigerant). Consult factory technical service dept. for BTU information.
